The Overhead Stirrers OS-2000 Series are smart laboratory companions which give you complete control over complex stirring processes. The WB3000-D has a speed range of up to 3000 rpm.

- Brushless DC motor
- Totally enclosed and compact metal casing
- Smart and convenient on-touch control
- Bright LED screen, which can display stirring speed and torque
- Transmission can be switched between low speed / high torque, and high speed / low torque
- Spinning chuck protection
- Precise speed adjustment
- Set speed can be maintained when viscosity of liquid changes
- Easy and time saving impeller adjustments
